SECTION A: General Guidelines

FOR THE APPOINTMENT OF A SERVICE PROVIDER TO PROVIDE INTELLECTUAL PROPERTY MANAGEMENT
AND LEGAL ADVISORY SERVICES FOR ELIDZ ENTREPRENEURS FOR A PERIOD OF TWO YEARS

1 EVALUATION CRITERIA AND COMMERCIAL EQUITY GOALS

The East London Industrial Development Zone (ELIDZ) supports national transformation goals and strives to target its procurement to create opportunities for Historically Disadvantaged suppliers and service providers. In awarding this tender, preference will be given to companies with a better rating in terms of contributions towards Broad Based Black Economic Empowerment (BBBEE).

The “tender” will be evaluated in accordance with the ELIDZ Procurement Policy using the 80/20 rule i.e. 80 of evaluation points will be based on price competitiveness and 20 will be based on BBBEE status. The following formula is used:

Calculation of the points for Price:

$$Ps = R \times \left[1 - \frac{Pt - Pmin}{Pmin} \right]$$

Where:

- Ps = Points scored for price of tender under consideration
- R = Percentage of the price
- Pt = Rand value of tender under consideration
- Pmin = Rand value of lowest acceptable tender
- R must be up to a maximum of 80

Score Breakdown:

- Price (R) = 80 points
- Specific goals = 20 points

A maximum of 20 points may be awarded to a tenderer for the specific goal specified for the tender. The points scored for the specific goal must be added to the points scored for price and the total must be rounded off to the nearest two decimal places.

Subject to section 2(1)(f) of the Act, the contract must be awarded to the tenderer scoring the highest points.

Preferential and specific goals shall be as per below may include:

- (a) Historically disadvantaged individuals' companies (51% Black owned)
- (b) Women (51% Black Women Owned) companies.
- (c) Persons with disability owned companies
- (d) SMMEs
- (e) Service providers located in Eastern Cape Province

(f) Youth

(g) Any other RDP goal or preference points in favor of historically disadvantaged individuals, may be added

The tender documents shall stipulate—

(a) the applicable preference point system as envisaged in regulations

(b) the specific goal in the invitation to submit the tender for which a point may be awarded, and the number of points that will be awarded to each goal, and proof of the claim for such goal.

Tenderers are required to submit a Valid original or certified B-BBEE Certificate issued by verification agency accredited by SANAS for the Generic Suppliers, for QSE's and EME's Sworn Affidavit signed under oath confirm ownership status. Failure to submit a valid B-BBEE certificate and/or sworn affidavit may result in zero points being awarded for preference.

Unincorporated Joint Ventures are required to compile a consolidated verified BBBEE certificate in order to achieve Preferential Points

The following table shall be used to convert the Specific goals criteria into points.

Table: Specific Goals Points Conversion

Estimated Rand Value inclusive of Vat	Specific Goals and Point allocation
Above R1 000 000 up to R50 000 000	80 points for price 10 points for 51% and above Black owned suppliers 5 points for Eastern Cape based suppliers 1 point for 51% and above Women owned suppliers 1 point for 51% and above Youth owned suppliers 3 points for SMMEs

Companies with annual turnover less than R10million (Exempted Micro Enterprises or EME's) are automatically awarded a level 4 contributor status, unless the EME is Black Owned (more than 50% black ownership), in which case the enterprise will have a level 2 contributor status. EME which is 100% black owned qualifies for a level 1 contributor. In awarding the EME status, the ELIDZ shall accept a letter from an accounting firm or SARS confirming a company's turnover as less than R10m as well as a sworn affidavit confirming annual turnover and level of black ownership. B-BBEE certificates issued by non-accredited verification agencies will not be accepted as valid proof of a company's B-BBEE status.

No points will be awarded for achieving B-BBEE objectives if the total percentage scored for B-BBEE is less than 30%. All tenders with functionality less than 70% of the total functional requirements will not be considered for the next stage of tender evaluation.

The tender will be awarded to the bid with the highest number of points. A tender may be awarded to a bidder that did not score the highest number of points if reasonable and justifiable grounds exist.

Any contract offered by the ELIDZ will be based on the correctness of information submitted by the service providers. Any misrepresentation of facts by a service provider may lead to disqualification. Should such misrepresentation be uncovered after the commencement of the contracted work, the ELIDZ reserves the right to terminate the contract and recover all payments made to that service provider and any costs that may have been incurred in the process.

ELIDZ reserves the right to have the tenderer's Black Economic Empowerment Credentials verified by an independent agency. (Procurement Handbook – Annexure: 1 must be fully completed and supplementary information may be completed by service providers with a turnover of less than R10m and be accompanied by letter from an accounting firm or SARS confirming the company's or sworn affidavit turnover is less than R10m).

1. Introduction

The ELIDZ operates a Science and Technology Park (STP). The STP was established to contribute towards the ELIDZ's vision of becoming a catalyst for growing a strong regional industrial base, supported by a business ecosystem that serves to extend the global competitiveness of local industries. It aims to do this by looking to leverage targeted sector innovation opportunities. This will aid advancing the competitive and comparative advantages of the zone as an investment destination through the utilisation of industrial development and innovation.

The STP aims to create an enabling environment that will ensure the effective and efficient development of ideas, innovations, prototypes, technologies, and products thus creating a pipeline for small enterprises to locate in the zone, to essentially incubate them. The ELIDZ STP is designed to support and assist entrepreneurs in business management, skills development, and product commercialisation. To date the centre has assisted and supported innovators to pilot and commercialise their products which in some cases results in market or offtake agreements.

The inventions and ideas emanating from the support and assistance the STP provides to entrepreneurs may require intellectual property management and protection. This is to ensure that innovations coming from the Eastern Cape are protected at all times. Intellectual property is protected by law and gives the entrepreneur exclusive rights to their creations which can result in economic benefits to the entrepreneur.

To this end, the STP aims to obtain the services of a law firm that specialises in intellectual property law to provide legal and advisory services to entrepreneurs.
