EOI for the Development of Prototypes for ELIDZ SOC

Section 2: EOI SCOPE OF REQUIREMENTS

1 INTRODUCTION

The Science and Technology Park (STP) component of the East London Industrial Development Zone (ELIDZ) was established to contribute towards the ELIDZ's vision of becoming a catalyst for growing a strong regional industrial base, supported by a business ecosystem that serves to extend the global competitiveness of local industries.

As the ELIDZ continues its 2020/21 – 2024/25 strategic period, it aims to bolster technology-led innovations and industrial modernisation. It aims to do this by looking to leverage targeted sector innovation opportunities. This will aid advancing the competitive and comparative advantages of the zone as an investment destination through the utilisation of industrial development and innovation.

Pertinent here from this aim and outcomes is the ability to create an enabling environment that will ensure the effective and efficient development of prototypes, technologies and products thus creating a pipeline for small enterprises to locate in the zone, to essentially incubate them.

A critical output of the strategy therefore is to produce prototypes, products which will demonstrate the capability of the STP to generate solutions to technological challenges facing the ELIDZ and the province and provide traction for future investment and development.

2 BACKGROUND

The project aims to attract and incubate entrepreneurs, who will develop their prototypes. The aim is of creating a "project pipeline" of potential future investors. It is envisaged that these entrepreneurs will locate within the STP, and once their prototypes have the appropriate level of maturity and require a manufacturing plant, be "rolled out" into the ELIDZ as manufacturing entities.

The requirement is for the establishment of capability to produce prototypes that will assist Innovators to demonstrate their innovations to potential investors in order to proceed to the testing or industrial production of these prototypes.

3 KEY OBJECTIVES OF THIS EOI PROCESS

The STP is seeking suitably qualified innovators, small enterprises and entrepreneurs to respond to this Expression of Interest – EOI, for the development of prototypes.

The focus of the prototype development should be aligned to the ELIDZ Strategic focus sectors, which are:

- Automotive,
- Renewable Energy,
- Aquaculture,
- Agro-Processing,
- Pharmaceuticals,
- ICT and
- General Manufacturing.

Therefore, proposals that are directed towards these Industry Sectors will be considered.

These below will be the fundable activities for this initiative:

- Initial proof of concept,
- IP Development,
- Prototype development and evaluating prototypes against customer requirements,
- Primary market research and launch,
- Field testing and commercialisation.

This EOI will lead to presentations and costing proposals from eligible respondents from the EOIs submitted.

4 GENERAL RESPONDENT OBLIGATIONS

- 4.1** The Respondent(s) shall be fully responsible to ELIDZ for the acts and omissions of persons directly or indirectly employed by them.
- 4.2** The Respondent (s) must comply with the requirements stated in this EOI.

5 CONFIDENTIALITY AND COMPLIANCE

This EOI and information contained herein or provided for purposes thereof, remain the property of ELIDZ and may not be reproduced, sold or otherwise disposed of.

Information disclosed in this EOI is given in good faith and only for the purposes of providing sufficient information to the Respondent to enable submission of a well-informed and realistic EOI.

6 UNDERTAKINGS BY RESPONDENT

It will be accepted that the Respondent, on submitting the EOI response, has read, understood and accepted all the terms and conditions of the document. The submission of an EOI by any Respondent shall presume complete acceptance of the terms and conditions of the document. All qualifications and or exceptions should be noted in the EOI Response document.

7 COSTS TO RESPOND TO THE EOI

All Respondents wishing to submit an EOI response must be in possession of this document, the ELIDZ will not be responsible for or pay any expense or losses, which may be incurred by any Respondent in the preparation, and submission of the EOI and the costs of the EOI at all stages of the EOI process. Costs, if any, will be for each Respondent's own account.

ELIDZ reserves the right to invite certain Respondents to present or otherwise demonstrate their proposed solution as per their EOI, at the Respondent's own cost.

8 AUTHORITY OF SIGNATORY

- 8.1** If the EOI Respondent is a company, a certified copy of the resolution of the Board of Directors (i.e. personally signed by the Chairman or Secretary of the Board) authorising the person who signs this EOI to do so and any other documents and correspondence in connection with this EOI and/or agreement on behalf of the company, must be submitted with their EOI.
- 8.2** If the EOI Respondent is a partnership, a certified copy of the resolution of the partners (personally signed by all the partners) authorising the person who signs this EOI to do so and any other documents and correspondence in connection with this EOI and/or agreement on behalf of the partnership, must be submitted with this EOI.

- 8.3** If the EOI Respondent constitutes a “one-man business”, certified proof must be submitted that the person signing this EOI and any other documents and correspondence in connection with this EOI and/or agreement is the sole owner of the one-man business.

Failure to comply with this clause may result in rejection of the EOI response.

9 UNDERTAKING BY ELIDZ

In responding to this EOI, ELIDZ encourages all EOI Respondents to put their best effort into the construction and development of the proposal.

The EOI process will include due governance and the results of the adjudication process will be available to Respondents who are not successful under certain conditions. This will be allowed at the sole discretion of ELIDZ.

Note: The extent to which you are able to provide all or any of the Technical Criteria indicated above will not necessarily penalise you from further participation in an RFP process. Responses to this EOI will permit ELIDZ to consider and formulate various options in terms of the proposed allocation of its supply requirements and/or allied Services.

b) Essential Returnable Documents

In addition to the requirements of section (a) above, Respondents are further required to submit with their Proposals the following **essential Returnable Documents** as detailed below.

Essential Returnable Documents required for evaluation purposes:

Failure to provide all essential Returnable Documents used for purposes of scoring a bid, by the closing date and time of this bid will not result in a Respondent's disqualification. However, Bidders will receive an automatic score of zero for the applicable evaluation criterion. Bidders are therefore urged to ensure that all these documents are returned with their Proposals.

Please confirm submission of these essential Returnable Documents by indicating Yes or No in the table below:

The successful Respondent will be required to ensure the validity of all returnable documents, including but not limited to its Tax Clearance Certificate and valid B-BBEE Verification Certificate, for the duration of any contract emanating from this EOI/EOI. Should the Respondent be awarded the contract [**the Agreement**] and fail to present ELIDZ with such renewals as and when they become due, ELIDZ shall be entitled, in addition to any other rights and remedies that it may have in terms of the eventual Agreement, to terminate such Agreement forthwith without any liability and without prejudice to any claims which ELIDZ may have for damages against the Respondent.
