C3 **SCOPE OF WORK**

C3.1 **DESCRIPTION OF THE WORKS**

C3.1.1 **Employer's Objectives**

The East London Industrial Development Zone SOC Ltd (ELIDZ) is the duly appointed operator of the East London Industrial Development Zone, and as such has an obligation to ensure that the various facilities and services that they own and control are at all times fully operational and able to perform the function for which they were intended.

Accordingly, the ELIDZ has a need to enter into contracts with suitable service providers who are able to carry out the various inspections, maintenance activities and repairs which are necessary to support these objectives.

C3.1.2 **Overview of the Works**

The maintenance services comprise both scheduled and unscheduled items.

It is envisaged that a small permanent crew (as described in the Pricing Schedule) will undertake most of the non-specialised works on a daily basis as directed by the Employer's Agent or the Employer's Agents representative. Works requiring more specialised resources will be brought onto site as and when required.

The work involves attending to structural defects and Refurbishments of existing Industrial buildings which include the various trades as listed below.

- Brickwork, Plastering and Painting
- Wall & Floor Tiling
- Carpeting and epoxy finish to floors.
- Metalwork, Carpentry, and joinery
- Plumbing and Drainage
- installation/ repairs of Curtain Walling systems; shopfronts; aluminum doors & windows and/ or balustrading
- Dismantling and/ or demolishing of fixed assets (i.e Buildings and engineering infrastructure)

The contractor is to ensure that no openings are left for an unreasonable period of time and certainly not overnight or weekends, and that no rain is allowed to ingress into the buildings and damage equipment or disrupt production.

NOTE THAT THE EXISTING OPERATIONS WILL BE ONGOING IN VARIOUS BUILDINGS, and that the contractor, in conjunction with ELIDZ, is to liaise with each tenant regarding the relevant planned work prior to commencement on a particular building in question.

The contractor is to provide a necessary warranty/guarantee which incorporates materials, fixing, and workmanship.

C3.1.3 **Extent of the Works**

The maintenance services as defined above are required in ALL the ELIDZ zones

Should the need arise the maintenance services may be extended to include one or more portions of new works undertaken on behalf of the ELIDZ. This additional work shall be undertaken at billed rates wherever possible.

Although the Bills of Quantities contain a quantity for each item of work, these are included only to ensure realistic pricing and for budget purposes.

The quantities shall not be interpreted as indicating the overall scope of work to be undertaken under the contract, and the Employer/ Employer's Agent shall instruct the Contractor as to the actual extent of work to be carried out under each billed item.
